Drogheda has the people, the talent, the tradition, the ambition and the community spirit to be the best small city in Ireland.

What's more, we now have the resources at our disposal nationally to make this a reality.

We are faced with a choice in the upcoming election. We can spend the next decade treading water as a town, or we can work together to build a brighter Drogheda.

- *Now is the time to elect a TD whose voice is listened to on the national stage.*
- *Now is the time for an active, progressive TD who knows and cares about Drogheda.*
- *Now is the time for someone who has a record of getting things done.*

I love Drogheda and I want to help it to realise its full potential. So, I've been working with people from the area to create a vision for Drogheda.

*A vision which in ten years will help Drogheda become the best place in Ireland in which to live, work and do business. **Drogheda 2030 outlines this vision.***

Over the next few weeks, I will be calling to your home to discuss this vision and get your help. We need to work together, ag obair le cheile, to move Drogheda forward.

Very best wishes

Senator Ged Nash

DROGHEDA 2030

The vision I share identifies **20 KEY ACTIONS FOR DROGHEDA** to build up our infrastructure, gain city status, create new educational facilities, green our environment and improve everyone's quality of life. If we work together to make them happen, then Drogheda will realise its true potential within a decade.

Together let's champion Drogheda's future.

THESE 20 ACTIONS WILL CHANGE DROGHEDA FOR THE BETTER.

I believe that I have the energy, the knowledge and the dedication to get these actions done.

Ged will campaign for the new Education HQ to be built in Drogheda

We need to build on the success of the Fleadh

Your local Labour Team

A DECADE FOR BUILDING OUR INFRASTRUCTURE

- Obtain funding for the Northern Port Access Route.
- Promote a new train station for Drogheda's northside.
- Enhance and improve our public transport services with the new D4 & D5 services.
- Complete the extension and refurbishment of St. Mary's and Boyne View House on the Dublin Road.
- Develop capacity at Drogheda Port and support the redevelopment of the town quays space.
- Build the new stadium for Drogheda United FC and our new municipal playing pitches in the northern environs.

A DECADE FOR GAINING OUR CITY STATUS

- Advance my legislation to restore power to Drogheda Borough Council.
- Secure city designation and promote greater co-operation between Louth & Meath.

A DECADE OF CREATING NEW EDUCATIONAL FACILITIES

- Obtain more school places and investment in and support for our local schools and staff.
- Develop a satellite campus of DkIT in Drogheda.
- Ensure that government builds the new Louth & Meath Education & Training Board HQ on the site I secured for the town, beside St Oliver's School.

A DECADE OF GREENING THE ENVIRONMENT WE SHARE

- Make Drogheda a 'green city'.
- Make Drogheda a pedestrian and cyclist friendly town with more cycleways and pedestrian facilities.
- Develop a playground and nature area on the northside of Drogheda.
- Secure 'Living City' status for Drogheda's historic core and complete the redevelopment and regeneration of the West Gate area.

A DECADE OF IMPROVING OUR QUALITY OF LIFE

- Attract meaningful IDA investment to the area (implementation of the Action Plan for Jobs I developed in 2015/16) so that we get more jobs in a high-quality environment.
- Provide a safer community with more Garda resources and a multi-agency response to drug crime and the social impact of problem drug use.
- Promote Drogheda as a 'Living Wage' city.
- Create and implement a plan to support our town centre as a prime retail destination.
- The Drogheda we love shone brightly during the times of the Fleadh. Let's harness the energy and goodwill created to establish Drogheda as the 'culture capital' of the North East, providing dedicated studio space for artists and attracting other artists and tourists to the area.
